

**Community Group
Discovery Bible Study Guide
January 4th - 8th, 2021**

Take some time to share:

One thing that you are thankful for this week

One thing you are in need of (try and stick to one thing and personally related)

How can the group help?

Pray for the person next to you or ask for a volunteer to pray. It is often helpful to pray for the person right after they share before going on to the next person.

Read the passage out loud: Luke 3:23 - 4:15 (Have the group read it)

Have the group discuss how many individual statements the passage makes:

1. What does it say? (Have a few people retell it in their own words)

About God/ Jesus/ Holy Spirit?

About Humankind?

2. Why does it matter? (Why is it important to you and others?)

What does it mean for you? (What is the passage intending to communicate to the audience then and now?)

Do you believe it? (Do you believe it for yourself? Has this belief shaped your life differently?)

3. What will you do? (If you believe all of this to be true, what will you do?)

In response to what you learned, what will you do about it? This week?

(God desires us to respond to his word in heart/belief, mind/attitude, or in action)
