Sermon Series: PERFECT

This template for your group will serve as the CG guide each week. We have provided a list of each week's passage for the series for you to study using this template. Our desire for studying the Bible this way is to help you develop stronger, in-depth Bible study methods. Many times we relate "depth" with content written about the Bible by someone else. While this is helpful and maybe a deeper look at the bible, it fails to help you go deeper into the word on your own. Think of it this way, you can watch a video of a person scuba diving in the depths of the ocean while they describe to you what's going on. This will teach us some things about the ocean and maybe some about diving. What it will fail to do is teach us to dive so we can experience the depths of the ocean for ourselves. We want you to learn how to dive deep into the Bible on your own and learn to ask the right questions in the process. So have fun, dig deep, and live out what you learn.

We will end each week with an I WILL commitment in response to God's word. You may not have a new response every week, but it is important to follow up as a group on your I will statements, in order to encourage each other as we grow in the Lord.

Matthew 7:24 NIV - "Therefore everyone who hears these words of mine **and** **puts them into practice** is like a wise man who built his house on the rock."
